

# AI Budget Planner — Monthly Overview

Fill in your numbers below. Fields are interactive (click to type).

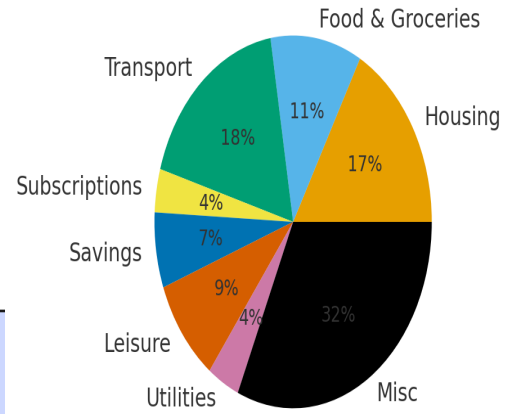

Income (EUR):

Total Expenses (EUR):

Savings Goal (%) :

Notes / AI Tips (editable):

Spending by Category (Latest Month)

## Goal Tracker & Monthly Breakdown

Use these fields to track target vs actuals.

Target Amount (EUR):

Current Saved (EUR):

## AI Prompts & Automation

Use these prompts in ChatGPT / Google Gemini to automate insights:

- Analyze my top 3 overspending categories this month and suggest reductions.
- Predict my savings potential for next month if I cut subscriptions by 20%.
- Create an automated monthly summary email of income vs expenses with 3 action items.
